PROJECTS

Momentum

10 Apr, 2023 - 20 Apr, 2023

Team Size: 2**Key Skills:** ReactJS NodeJS Express.js SQL REST

Momentum is a platform that fuels organizations looking for crowd support. It is fundraisers and service raisers platform where people can collaborate and contribute not only through money but also through their skills and services. Thus, demolishing the gap between people who are not able to contribute financially.

At momentum, users can add their project where they require crowd support, contribute in various forms on the projects already listed, and can even filter the projects according to their requirements. Also, users can even earn rewards on the different projects they contribute on.

tickrbit.com

01 Oct, 2022 - 28 Feb, 2023

Team Size: 5**Key Skills:** SQL HTML css CSS Flexbox ReactJS NodeJS Express.js Ionic GIT Github TypeScript

Tickrbit is a platform that shows insider tradings in different organisations. Insider Tradings have a direct influence on the stock market prices. Our aim is to show authentic information that will effect different companies stock in the most simplified manner so that users can make smart and efficient decisions. We extract information from different reliable sources, filters them and present it in the form of simple and appealing tables and charts. The platform also shows major macro trends that are influencing the market. Users can even get a detailed insight on what is happening in any organisation.

My primary responsibilities in the project were designing and developing smooth and appealing webpages and components, creating different use cases and testing them, and improving the overall performance of the platform.

iNote

15 Jul, 2022 - 01 Aug, 2022

Team Size: 1**Key Skills:** HTML CSS CSS Flexbox ReactJS Node.js Express.js MongoDB Bootstrap

A place where users can store all their important files, documents and notes. the project involves an authentication system. Hence, the user first need to register itself and then can access its personal space. Each user has its own personal space for storing notes.

NewApp

01 Jul, 2022 - 08 Jul, 2022
